

**Opportunity to Partner****What is the Youth Survey?**

Now in its 25th year, the purpose of the annual Mission Australia Youth Survey is to identify the values, aspirations and concerns of young people across Australia aged 14-19 years.

Our objective is for the Youth Survey to be a:

- **springboard for deeper, more effective conversations** with young people on things that matter
- **concrete reference point** for change

**Who can participate?**

Mission Australia encourages any organisation in Australia that provides services or support to young people aged 14-19 years to actively participate in the Youth Survey. Organisations can include:

- Charities & Community Organisations
- Councils
- Schools (government, Catholic, independent)
- Higher Education
- Mission Australia services

**Benefits of participation**

By participating in this year's Youth Survey, your organisation will:

- **Help young Australians** have a say on things that matter to them; and
- **Get access to data\*** that will help you plan for the future (based on your postcodes or a unique code allocated to your survey)

**Your Options to get data**

If you wish to participate, please select **ONE** of the following options:

**Option 1**

- [Register](#) to participate
- Identify your postcodes (we'll collect these from you separately)
- Encourage & collect survey responses from your community of young people
- Obtain a tailored report representing aggregate data for your postcodes (all sources)

**Option 2**

- [Register](#) to participate
- Code assigned to your survey
- Encourage and collect survey responses from your community of young people
- Obtain a tailored report representing aggregate data for your assigned code

**What actions can your Organisation take?**

Here are some actions your organisation could take to help promote this year's Youth Survey.

- If you have relationships with the leadership & wellbeing teams at your local secondary schools, please remind them of the survey. Although Mission Australia will contact all schools directly# to invite their participation and provide relevant information, it will greatly assist if your organisation encourages every school to get involved.
- Display our poster (with QR code) in your local community spaces where young people may frequent.
- Communicate details of the Youth Survey in community newsletters (with QR code).

\* We require a minimum of 100 responses for an individualised report to be produced. If less responses are likely, an alternative number can be mutually agreed upon prior to data collection. Please get in touch to discuss.

# Mission Australia will only make contact with relevant schools where relevant state/territory or Catholic Education Office approval has first been obtained.

**REGISTER OR RECEIVE MORE INFORMATION**

If your organisation wishes to register to participate in this year's Youth Survey, please use the link below to provide your details:
