Hi Ray,

Thanks for your email.

If you could please provide us with the updated instrument and outline how the project departs from the 2025 application, we will be in a better position to advise which approach.

Regarding timeframe, unlike earlier this year, we don't currently have a waiting list for approvals for our standard submissions.

Around 6 – 8 weeks is a standard return, but this can depend on how many changes are required and how quickly this information is returned to us.

Once we receive your information, I can be more specific.

Thanks very much for getting in early and look forward to receiving your updated information.

Kind regards,

Amanda

Hello

As we make preparations for the 2026 Youth Survey, could you please confirm:

- if we are required to submit a full research application for consideration/approval or if we can submit an amendment
- the estimated timeframe to assess/approve our application

Thanks in advance.

Ray
